# POLICIES

## Water Temperature, Wetsuits, & Policies

- **Water Temperature:** Expected water temperature is in the **high 60's**.
- **Wetsuits:** Wetsuits are permitted and encouraged. SAA strongly encourages swimmers to choose an open water swimming / triathlon specific wetsuit over a general water sports wetsuit. Participants should practice swimming in a supervised open water test swim prior to event day with their anticipated swimsuit and/or wetsuit.
- **Equipment:** Mp3 players while swimming are not allowed on the course at any time.
- **Inclement Weather Policy:**

Due to the nature of open water swimming events taking place outdoors, safety concerns, including inclement weather, can necessitate a change to the original event plan. In the event of adverse weather conditions, the Event and Safety Directors, in conjunction with SAA National, local safety entities and/or law enforcement, may delay the event, modify the course, cancel the event, or move venue location. If safety concerns necessitate a change to the original event plan, Swim Across America will promptly notify participants via the event website, email and social media.

\*Swim Across America reserves the right to remove or move a swimmer's position along the course via approved safety methods and personnel as determined appropriate, or make any other operational changes thereof. All swimmers must follow the directions of SAA personnel. Noncompliance may endanger the participant or others, and may make the participant ineligible to participate in future Swim Across America events.

If you have questions about our policies regarding inclement weather, swim equipment or wetsuits, please consult our [Policies page](#).

## COVID-19 Safety Information

Each of our charity swims will follow local safety guidelines.
