Swim Across America 2022

“YOUR GIFT IS MAKING A DIFFERENCE”

Dear Friend,

Swim Across America improves the lives of those around us by raising money and awareness for cancer research, prevention and treatment through swimming related events. With the help of hundreds of volunteers and past and current Olympians, Swim Across America Long Island Sound has grown into an organization that consistently raises over \$1 million a year.

Founded in 1987, Swim Across America, Inc. (501c (3) non-profit organization) hosts swims in twenty two states and has raised more than \$100 million for cancer research and treatment programs at our country’s finest hospitals that have led to breakthroughs in immunotherapy, gene therapy, personalized medicine, and patient programs.

SAA-Long Island Sound is scheduled for in-person event on Saturday, July 30. We will join together to raise funds for the Cancer Support Team – the only Westchester-based home care program that provides services free of charge to those facing the challenges of cancer; Pediatric Oncology at New York-Presbyterian Children’s Hospital, the Memorial Sloan-Kettering Cancer Center Swim Across America Laboratory, and the Research Laboratory of Dr. Luis A. Diaz and the MSK Kids Department of Pediatrics.

We are united by our commitment to the fight and your contribution matters. Without Swim Across America much of their trailblazing research and programs would go un-funded. Please help us to give our doctors and researchers more opportunities to try new ideas, push harder and find a cure.

Please use the attached sponsorship forms or visit our website to join us by swimming, donating or volunteering. Together we can find a cure.

Sincerely,

Tony Sibio Chairman Swim Across America Long Island Sound www.swimacrossamerica.org/long_island
